Permission Application for a Minor (Under 15) to Use Self Service Hours: Nurmijärvi Main Library

Using the library during self service hours requires the guardian's written consent for patrons under 15.

I do not give my child permission to use the Main Library during self service hours. (No further information is required.)

I give my child permission to use the Main Library during self service hours. (Please review and complete below.)

I have reviewed the following self service rules with my child:

The library card is personal. Each patron must enter using their own library card, and other persons may not be admitted without logging in. The person who authenticates is responsible for anyone they let in.

Do not disturb other patrons. No excessive noise, littering, or vandalism is permitted in the library.

The library uses access control and recording surveillance camera. Any unwarranted alarms and the costs they cause are the responsibility of the patron who triggers them.

The library reserves the right to restrict access to the self service library as needed and to seek compensation for any damages caused.

By my signature, I authorize my child to use the library during self service hours and accept responsibility for my child's presence in the library.
